From the Editor's Desk

Dear Readers,

As summer has passed already, we are thrilled to represent another chapter with new verses. Here it is the 4th edition of campus focus (Vol. 15, iv edition). Just as spring symbolizes transition and growth, this session at GIET indeed marks a significant period of development, endeavors, and accomplishments. Finally, the starting of this year has been full of enthusiasm, knowledge and intellect. Every year our organizing team put their efforts and creativity and work extensively to fame this magazine.

Our campus has been abuzz with spectacular events, commemorations and festive celebrations. The array of knowledgeable activities is undertaken by our students and faculty is truly impressive. The innovative venture and exhibition showcasing their perception in science, technology, and socio-behavioral issues are sure to captivate. By showcasing student talent and providing opportunities for growth, we aim to boost the confidence through small, incremental steps. This approach helps to create a vibrant campus community where students can thrive and polish.

Our college quarterly newsletter provides a platform to showcase the literary and creative talents of both students and staff. Its primary focus is on covering college events, notable research initiatives, student's achievements, and featuring articles that highlights various activities and endeavors. I am confident that this edition will be both informative and educative, offering valuable insights into the diverse pursuit of our academic community.

The magazine now continues to expand its achievement, its vision of being a truly representative student publication. We promise to expand into the digital world through the inception of the blog, where we try and engage the college community by publishing their creative content regularly, by organizing competitions and through rapid reporting about college events

The magazine is a combine effort of the editorial board.

AWARDS & RECOGNITIONS

GIET
GANDHI INSTITUTE FOR EDUCATION AND TECHNOLOGY
BANIATANGI, BHUBANESWAR

Recognitions of Excellency

- All India Ranked **51st** - Best T-Schools of India Survey 2025 by **DATAQUEST**, the leading tech magazine of the Country.
- Listed amongst the Best 100 Pvt. Engg. colleges of the Country - **OUTLOOK-ICARE** best college survey 2025.
- All India Ranked **54th** by the **TIMES OF INDIA - TIMES** all India Engineering Institutes Ranking Survey 2025.
- Listed amongst the Best 200 Colleges of the Country - **INDIA TODAY MDRA** best colleges in India 2024.

GIET Welcomes
All the freshers for a promising and bright career ahead...
Wishing you all the Best !!!

[Participation Certificates from ReactJS with advanced techniques]

HIGHLIGHTS

Cyber security Awareness Campaign Organized By District Police “In the digital world, awareness is the first line of defense.”

A Cyber security Awareness Campaign was organized by the District Police at the GIET, Baniatangi campus with the objective of promoting awareness regarding essential practices, measures, and responsible online behavior to safeguard individuals and organizations from potential digital threats. Participants who excelled in the Cyber Quiz Competition were felicitated and awarded by the District Police.

Mid-Level Evaluation of BPUT Hackathon 2025

“Innovation thrives where curiosity meets opportunity.”

Gandhi Institute for Education and Technology (GIET) hosted the Mid-Level Evaluation of the BPUT Hackathon 2025 on 22nd and 23rd October at the GIET campus. The two-day technical event brought together promising young innovators from various

institutions to ideate, develop, and present advanced solutions to real-world challenges. The event fostered creativity, collaboration, and technological excellence under the esteemed guidance of BPUT.

Sensitization Program For BPUT HACKATHON 2025

“Inspiration turns ideas into innovation.”

The Sensitization Program for BPUT Hackathon 2025 began with great enthusiasm, marking the start of an innovation-driven journey under the aegis of BPUT. The session aimed at preparing and encouraging students to actively participate in the Hackathon. The program was graced by esteemed experts Prof. Shivkumar Mishra, Director, CUPGS, BPUT, and Mrs. Purabee Punyasha Mishra, COO, EP, STPI, Bhubaneswar, whose insightful and inspiring interactions motivated participants to think boldly and expand the horizons of their creativity. The event was further strengthened by the encouraging words of Principal, Dr. Jibananda Jena.

Plastic Free Campaign on Gandhi Jayanti, 2nd October, 2025

“The future will be green, or it will not be at all.”

On the occasion of Gandhi Jayanti (2nd October, 2025), GIET, Baniatangi organized a Plastic-Free Campus Campaign and Drive to promote

sustainable living and environmental consciousness among students and staff. Inspired by Mahatma Gandhi's vision of cleanliness, simplicity, and harmony with nature, the

initiative aimed to reduce single-use plastics on campus and encourage the adoption of eco-friendly alternatives. This effort not only paid tribute to the ideals of the Father of the Nation but also reaffirmed GIET's commitment to fostering a green, clean, and plastic-free environment.

Navaratri Celebration

“Festivals are the heartbeats of culture, bringing people together in joy and unity.”

The spirit of Navaratri illuminated the campus of GIET, Baniatangi, as the Faculty Club hosted a vibrant and joyous Navaratri Dhamaka Celebration filled with colour, music, and festivity. Members of the Faculty Club came together in a lively blend of Garba beats and Dandiya rhythms, creating an atmosphere of high-spirited energy. The fusion of traditional folk and contemporary Bollywood tunes

kept the audience engaged, clapping, and celebrating together.

The campus of GIET, Baniatangi came alive with vibrant energy and festive spirit during the Navaratri Extravaganza organized by the students. From the rhythmic beats on the dance floor to the dazzling display of traditional attire, every corner of the celebration reflected joy, unity, and cultural pride. It was more than just Garba and Dandiya—it was a day filled with laughter, friendship, and unforgettable memories shared across the GIET community.

Sensitization on TB Camp

“Awareness is the first step toward building a healthier society.”

GIET extended its support toward effective community engagement in the national movement to eliminate TB in India. As part of the Pradhan Mantri TB Mukta Bharat Abhiyan, a Sensitization on TB Camp was organized on the GIET campus in collaboration with the CDM&PHO, Khordha. The program aimed to raise awareness about individual and institutional responsibilities in achieving the national goal of a TB-free India.

Vishwakarma Worship Ceremony

“May the hands that create be guided by grace, and the minds that build be inspired by wisdom.”

GIET, Baniatangi came alive with devotion and creativity on the auspicious occasion of Lord

Vishwakarma, the divine architect. The Puja was celebrated across various departments of the college, where students

and staff gathered to seek blessings for innovation, skill development, and prosperity in all their endeavors. The ceremony reflected reverence, unity, and the collective hope for progress guided by the wisdom of Lord Vishwakarma.

58th Engineers' Day Memorial Event

“Engineers turn visions into reality and challenges into achievements.”

GIETians honored the legacy, dedication, and engineering brilliance of Bharat Ratna Sir Mokshagundam Visvesvaraya, one of the greatest engineers and visionaries in Indian history, on the occasion of the 58th Engineers' Day celebration. From bridges,

machines, and blueprints to algorithms, data models, artificial intelligence, and machine learning, this era of rapid technological advancement has opened diverse and vast opportunities for the engineers of the future.

Several competitions were conducted to inspire engineering skills and creativity among students, and the winners were felicitated during the event. Students and faculty members also witnessed the live launch of Project PRACTICE, the AICTE Research Internship Portal, the R&D Cell, and the Climate Change Cell from the AICTE Auditorium, New Delhi. The esteemed guests for the occasion, Er. Sudeshna Nayak, HPO, ESSPL, and Er. P. R. Mohanty, an eminent electrical engineer from OPTCL, appreciated GIET's initiatives toward research, development, and innovation.

Swachhata Pakhwada by NSS

“Cleanliness is not just an act; it is a collective responsibility toward a better tomorrow.”

Students, faculty, and staff members of GIET, Baniatangi actively participated in “Swachhata Pakhwada”, a cleanliness initiative aimed at promoting hygiene and environmental responsibility. Various activities were conducted, including campus cleaning, maintenance of surrounding public areas, awareness campaigns, and community education on hygiene and sanitation. These initiatives were led by the NSS wing of the college. Our young technocrats continue to integrate innovation with values, working towards a sustainable and responsible future.

Intra-College Hackathon

“Creativity begins when challenges are seen as opportunities.”

The Intra-College Hackathon at GIET, Baniatangi served as an excellent platform for aspiring tech innovators to demonstrate their abilities and

creative problem-solving skills. The event provided students with the opportunity to participate, collaborate, and observe innovative solutions in action. Notably, this

Hackathon also functioned as a qualifying round for SIH-2025. Participants explored various challenges and thematic problem statements, contributing to a spirit of innovation and teamwork.

Code Quest 2025

“Coding is where logic meets imagination to create solutions that shape the future.”

GIET's Coding Club hosted an exciting coding event, Code Quest 2025, on 13th September 2025 in celebration of Engineers' Day. The event centered on fostering innovation, creativity, and problem-solving excellence, encouraging participants to take on challenging coding tasks designed to bring out their best skills and collaborative spirit.

Empowerment Session for Careers and Competitive Exams

“Knowledge becomes power when it guides direction and purpose.”

An empowerment session was conducted to guide tech graduates in exploring diverse career opportunities, understanding pathways to success in competitive examinations such as GATE, and developing strategies for shaping their professional journey. Experts from various domains delivered insightful discussions that enriched the students' awareness and preparedness. The session was organized by the Career Guidance and GATE Cell of GIET, Baniatangi. A heartfelt appreciation goes to the students for their enthusiasm, curiosity, and commitment to learning. Let us continue to aim high and strive for excellence.

Poster Presentation

“Innovation grows where ideas are expressed and shared.”

As part of the Engineers' Day celebrations, GIET hosted an inspiring Poster Presentation event that highlighted the creativity and innovative spirit of the students. Participants presented thought-provoking ideas and visually engaging posters on a wide range of engineering themes, including sustainable smart cities, integrated technology solutions, infrastructure development, and management for a better future.

Mentorship Session on Opportunities for Early-Stage Entrepreneurs

“Entrepreneurship begins where ideas meet courage and persistence.”

GIET organized an insightful Mentorship Session titled “Opportunities for Early-Stage Entrepreneurs”, featuring our distinguished alumnus Mr. Ramakrishna Sharma (Batch of 2013). Mr. Sharma shared his valuable entrepreneurial journey, offering practical guidance on navigating the formative stages of building a startup. His session covered key areas such as identifying market opportunities, overcoming initial challenges, and leveraging innovation to drive sustainable business growth.

Observance of Ganesh Chaturthi

“Where devotion unites hearts, celebration becomes a blessing.”

GIET, Baniatangi came alive with spiritual fervour and cultural vibrance on 27th August 2025 as the institute celebrated Ganesh Chaturthi with devotion and enthusiasm. The celebration brought together students, faculty, and staff in a shared spirit of worship, joy, and community. GIET continues to uphold its tradition of celebrating festivals with zeal, fostering unity and promoting cultural awareness among its campus community.

Student Induction Program (SIP) – 2025

“The journey of learning is not just about knowledge gained, but the transformation it brings.”

The Student Induction Program (SIP) 2025 commenced on 19th August, 2025, marking a meaningful transition of students into the engineering environment. The session welcomed the new batch with enthusiasm as they embarked on their academic journey at GIET, Baniatangi.

The day began with an energetic Yoga session conducted by trained instructors, refreshing the students for a productive start. This was followed by an introductory session on the Department of Mechanical Engineering by Dr. Pritinika Behera, HoD, who encouraged students to dream big, work hard, and remain innovative.

Next, Dr. Gangadhar Purohit, HoD (BSH) conducted a session on UHV-II, emphasizing harmony in relationships and fostering values essential for balanced living. The discussion highlighted interconnectedness, self-regulation, and mutual fulfillment among the four orders of nature.

As part of the ongoing SIP, an informative session on the effective use of the Time Table, ERP, and Library resources was conducted by Prof. Padma Lochan Prusty, Prof. Himadri Sekhar Tripathy, and Mr. Satish Naik. Students were familiarized with the ERP interface for academic activities and introduced to the extensive library resources available to support continuous learning.

An enlightening Expert Talk on AI and Smart Manufacturing was delivered by Dr. B. D. K. Patro, HoD CSE, Govt. Engineering College, Kannauj (UP), offering insights into emerging technologies and preparing students to contribute to sustainable and intelligent industrial development.

Students were also introduced to the Department of Civil Engineering under the guidance of Prof. (Dr.) Binay Kumar Panigrahi, HoD, who discussed the scope and future prospects of engineering education.

The day concluded with a thought-provoking Spiritual Talk on "Breath, Mind, Energy" by Dr. Subhashree Prusty, a motivational speaker, who inspired students to balance academic excellence with emotional well-being through an interactive, activity-based session.

79th Independence Day

"Freedom is earned through sacrifice, protected through unity, and strengthened through responsibility."

The GIET, Baniatangi campus resonated with patriotic pride as students and staff celebrated the 79th Independence Day, commemorating the nation's extraordinary journey toward democracy, progress, and the enduring values upheld by the Constitution. With deep reverence and gratitude, the GIET fraternity paid homage to the courageous freedom fighters and valiant soldiers whose supreme sacrifices laid the foundation of a free, strong, and vibrant India

National Anti-Ragging Day Observance

"Respect and kindness build campuses where everyone feels they belong."

GIETians came together to observe National Anti-Ragging Day on 12th August with enthusiasm and unity. The event promoted positivity and camaraderie, reinforcing the collective commitment to maintaining a welcoming and ragging-free campus environment. Students actively participated by spreading awareness and celebrating friendship, thereby fostering a friendly and inclusive community within the institution.

Workshop on “Art of Coding with React JS – Ignite Your Frontend Skills”

“Skill grows when curiosity meets consistent practice.”

The Hackathon Club and IIC Cell at GIET, Baniatangi continued the momentum with the workshop titled “Art of Coding with React JS – Ignite Your Frontend Skills.” During the session, GIETians enhanced their coding proficiency by mastering ReactJS concepts, including advanced

techniques such as Hooks and State Management, while also developing visually appealing and responsive website designs. The workshop encouraged hands-on learning, creativity, and technical confidence.
